Holiday Homework – Nursery

Session : 2025 – 26

Welcome Summer!

Dear parents,

Holidays are around the corner. As little children are full of energy, they need to be occupied with some useful and interesting activities. We would request you to spend time with your child and help him / her in making holidays fruitful and enjoyable.

Optional Projects: Kindly help your child in doing any two projects out of the four given below:

1. Paste pictures of summer things (e.g. ice creams, cucumber, cool salads, melons, mangoes, cold drink, yogurt, fans, swimming, sunglasses, shady trees etc.) and put them as a collage.
2. Take your child for a picnic and let him / her enjoy the open air, greenery, trees and talk about how important are all those things for the earth. Don't forget to capture those beautiful moments in a camera.
3. Help your child, collect leaves and make a collage on an A4 size sheet.
4. Let your child smell the following things and identify them by their fragrance (cinnamon, cardamom, custard powder and heeng).

Compulsory Projects:

1. Make a table mat by colouring the pictures with bright colours. Paste the photographs of the child in the given space. Then, paste the sheet on the coloured chart paper of size (15 inches x 10 inches) Laminate it and send it along with the holiday homework.
2. Give a shirt to your ward and tell him / her to button it up properly.
3. Encourage your child to identify his / her clothes among the stack of washed clothes. He / She can help you to hang his / her socks and clothes on a low clothes line and clip them.
4. Enjoy the bond with your child on Father's Day and make it special. Help your child make a card for his / her father and give it on Father's Day (15.06.2025).
5. Keep water and grains under a shady place for the birds to feed on. Encourage your child to talk softly while observing them and not startle them when they come to feed.
6. Bring home delicious juicy summer fruit and have a party.
