

CH. CHHABIL DASS PUBLIC SCHOOL

SUMMER VACATION HOMEWORK

SESSION 2025-26

CLASS VI

MATHEMATICS

1. Owing to its ethnic and cultural diversity religion in Arunachal Pradesh has been a spot for the syncretism of different traditional religions. Since the spread of Christianity in the region by Christian missionaries in the second half of the 20th century. The province is also home to a substantial Tibetan Buddhist population in the north and northwest who follow Tibetan Buddhism, and other religious populations. Christianity is followed by over 30.26% of the population, mostly by natives. Find the population of Arunachal Pradesh based on different religions. For example- Christian, Hindu, Buddhist, etc.

Christian	Hindu	Buddhist	Muslim	Sikh	Jain	Others

- Arrange the above data in ascending order.
- Find the predecessor of the population of Christians.

GENERAL KNOWLEDGE

- Learn Ch. 11 To 20 And Search 10 Current Affairs

COMPUTER

Due to large-scale human activities, the sea beaches in Odisha are piling with garbage. This is a serious threat to the aquatic life. Your school is launching a campaign to make the tourists aware of the danger to aquatic life. As a part of the school, you are required to prepare a project in Scratch that shows:

- A dialog between mother and daughter worrying about the accumulating piles of garbage at sea beaches.
- Dialog between mother fish and baby fish narrating their suffering and suggesting ways to conserve marine life.
- Your script must make use of:
 - Different costumes of mother and daughter
 - Communication of views using speech bubbles
 - Relevant sound effects
 - Transportation to sea beach
 - Different backdrops for scene change
 - Script to show aquatic life talking using speech bubbles
 - Suggesting remedial points for saving sea life
