

# RED COLOR DAY CELEBRATION

Colors are an important visual concept for pre – schoolers. Bearing in mind this we just couldn't wait to introduce the beautiful world of colors to our toddlers.

Modern School celebrated Red Color Day for classes Nursery & K.G on 9<sup>th</sup> May 2018 was full of activities to embellish them with 'RED COLOUR'. They were introduced to objects that are Red.

'Red Chat Activity' was done where children had to name as many red things as they could Red. Children also brought Red Prop & spoke few lines about their Prop. In all it was a fun filled learning experience for our kids.
